Subject: Agenda for PH OU Legal Mtg

Hi All. Here is the agenda that Cami and I developed for our meeting Friday morning. Also, we will need to wrap this up by 11am Pacific Time, but Cami and I believe that 1hr should be adequate for this initial legal discussion.

- * Introductions.
- * Recap of 1/22 meeting with Cami, Kevin and Silvina.
- * What is level of effort in negotiating orders and how can this be minimized?
- * How does EPA see enforcement post-ROD?
- * Do formal OUs diminish EPA's enforcement authorities compared to a non-OU breakup of the site?
- * What is the additional administrative burden for formal OUs compared to a non-OU breakup of the site?
- * Next steps.
